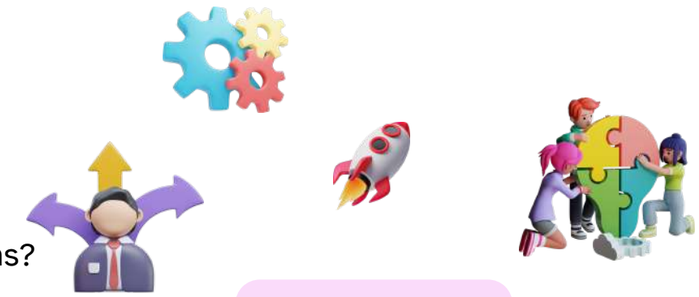
A teacher's tool for innovation

Instructions

Time: Minimum 1 hour
Who: Diverse group of staff members
Preparation: Read the 'Do it yourself' document (detailed guidelines) before the session.



Method:

1.Short discussion with the whole team (max 10 minutes): What are your shared GCE (global citizenship education) aims?

2.Which local sustainability issue(s) will you engage with?

3.Divide into 3 groups and check your task: What (p9), Who(p10), How (p11)

4.Using the questions (p8) and the empty Canvas, brainstorm and fill your sections with ideas. Everything is valuable! Why not make a big print and add post-its together? (approx. 30 minutes)

5.Check p12 for more ideas and p13-16 for examples.

6.Confusing terminology? See p17-18 for a glossary of terms.

7.Result is one (messy!) Canvas with all your post-its.

Follow up:
Form a smaller group with 1 person from each sub-group. Create a coherent Canvas to share with the whole team. Present in a follow-up meeting and decide on concrete actions together.
